Boyd County

THE KENTUCKY DIVISION OF WASTE MANAGEMENT HAS TENTATIVELY APPROVED A POSTCLOSURE RENEWAL PERMIT FOR

Safety-Kleen Systems Inc. EPA ID KYD-000-776-724, AI 47271

The Kentucky Environmental and Public Protection Cabinet (Cabinet), has reached a tentative decision to issue a hazardous waste Post-Closure Renewal Permit to Safety-Kleen Systems Inc. for continued care of the closed regulated unit at their former service center. A draft renewal permit has been prepared for continued care of the former tank storage area located at 1592 Wolohan Drive, in Ashland, Ky., Boyd Co. The tank area was closed as a landfill. There are no active waste management units operating at this former waste solvent transfer facility. **The facility contact person is Robert Schoepke (847) 468-6733.**

Why does Safety-Kleen Systems Inc. need a Postclosure Permit?

Safety-Kleen Systems Inc. is required to obtain a Resource Conservation and Recovery Act (RCRA) Postclosure Permit in accordance with 401 KAR 38:010 Section 4. The closure included installing a final cover that minimizes infiltration of water, and provides a protective barrier between the surface and the residual soil contamination. The Cabinet verified the closure on September 29, 1995. Safety-Kleen Systems Inc., will monitor the groundwater according to the Compliance Monitoring program.

The original post-closure permit for this facility was issued by the Division on September 30, 1994 and expired on October 30, 2004. The expired permit was continued in force while the renewal application was pending.

During the Postclosure Period, the Permittee will maintain the final cover, and related barrier systems. The Permittee will continue to monitor the groundwater for hazardous waste constituents.

How can I tell Kentucky Division of Waste Management what I think about this tentative approval? The Cabinet encourages public involvement and welcomes comments. Anyone wishing to comment on our tentative approval of this draft permit should submit comments to the Cabinet on or before September 14, 2005 the close of the public comment period. Comments and requests for a public hearing can be submitted to dede.grisham@ky.gov, or mailed to: DeDe Grisham, Hazardous Waste Branch, Division of Waste Management, 14 Reilly Road, Frankfort, KY 40601, (502) 564-6716, ext. 163.

Where can I review the documents used to make this tentative decision?

Boyd County Public Library – Catlettsburg Branch, 2704 Louisa Street in Catlettsburg. The library contact person is Lisa Epling (606) 739-8332.

Division of Waste Management, 14 Reilly Road, Frankfort, Kentucky 40601, Attn: Maria Wood.

Contact Ms. Wood by writing to her at the above address, calling (502) 564-6716, ext. 636, or by fax, (502) 564-9232.

What will KY Division of Waste Management do with the comments they receive? All comments received on or before September 14, 2005, will be carefully considered in making a final decision. Anyone submitting a comment will be mailed a "response to public comments," document specifying any changes made or not made (with the reasons why) as a result of comments submitted.

Any person who may be aggrieved by the final decision to accept this draft permit may file a petition with the Cabinet that sets forth the grounds of the objection and demands a formal hearing pursuant to KRS 224.10-420(2). This type of hearing is held before a hearing officer. All parties are advised to have legal counsel present.

The Kentucky Division of Waste Management does not discriminate on the basis of race, color, national origin, sex, religion, age, sexual orientation, gender identity, ancestry, veteran status or disability. The Division provides, on request, reasonable accommodations necessary to afford an individual with a disability an equal opportunity to participate in all services, programs and activities. To request alternative formats for printed information, and/or to be placed on the Hazardous Waste Branch's mailing list to receive relevant updates on this matter, contact DeDe Grisham at (502) 564-6716, ext. 163.
